OBJECTIVE

"Dedicated Fresher Seeking a software developer role to apply my skills, learn and contribute to innovative Project"

EDUCATION

Mandsaur University	Mandsaur (M.P.)
B.Tech Computer Science CGPA: - 8.0	June 2021 – June 2025
Govt. Higher Secondary School	Athana (M.P.)
Physics, Chemistry & Math | Percentage – 78.8 |11-12th MPBSE	July 2018 – June 2020
Govt. High School	Saroda (M.P.)
09-10th MPBSE| Percentage – 89	June 2016 – July 2018

SKILLS

Technical Skills - Java, C/C++, HTML, CSS, JavaScript, MYSQL, Node JS, Mongo DB

Developer Tools - VS Code, Intellij IDEA, Sublime Text, Git , GitHub, Postman

Technologies/ Frameworks - React, Tailwind CSS, Express JS

INTERNSHIP

InternPe	Jaipur
Web Development (Remote)	June 2023- July 2023

- Completed an Internship at InternPe, a company specializing in Web Development.
- Work In Project to related Web Development
- All task are Completed

PROJECT

Music – web app (Source Code)   March 2024 – April 2024
(HTML, CSS, JAVASCRIPT)

- Developed an automatic music player that dynamically fetches and plays songs from a folder with seamless track transitions.
- Implemented a responsive audio player UI with intuitive controls for play, pause, next, and previous song navigation.
- Integrated JavaScript event handling to enable automatic song progression and user interaction for an enhanced listening experience.

Weather Web-Application (Source Code)   May 2024 – June 2024
(HTML, CSS, JAVASCRIPT)

- Developed a responsive weather web application utilizing HTML5, CSS, and JavaScript, integrating Open Weather API for real- time data retrieval.
- Implemented features such as city-based search and automatic weather updates based on user's location, with robust error handling and user-friendly loading screens

Bright path – Online Learning (Source Code)   Nov 2024 – January 2025
MERN (Mongo DB, Express js, React, Node js) Tailwind CSS,

- Developed a full stack online learning platform with user authentication (JWT)
- Implemented Instructor & Student dashboards with course creation and enrollment features.
- Integrated payment gateway (Razorpay) for secure transactions.
- Designed a responsive UI using Tailwind CSS for better user experience.
- Built and tested RESTful APIs using Node.js, Express.js, and MongoDB with Postman.

ACHIEVEMENTS / CERTIFICATE

- I completed a Core Java course on Udemy, mastering fundamental concepts and techniques. Additionally, I Learn C++ , SQL through CodeChef, solidifying my understanding of database management.

- I tackled over 250+ data structures and algorithms problem on platform like LeetCode and CodeStudio. I earned a prestigious 50 days badges on LeetCode and topic related achievement on CodeStudio. Additionally I actively engage with resource like the "Take You Forward DSA Sheet" for enhancing my proficiency in this domain.
